REQUEST: Please provide the property tax rate, total City of Austin population and total All Funds City budget for fiscal years 2005-2014.

RESPONSE:

Listed below are the property tax rate, total City of Austin population and total All Funds City budget for fiscal years 2005-2014. First in the table is the City of Austin's population from FY 2005-2014. This includes only the City of Austin and represents the most current figures from the City Demographer. This is the full service City territory and does not include the population outside the City's boundaries who use Austin Energy and Austin Water services. The next section illustrates the property tax rate in cents per \$100 of taxable value from fiscal years over the same period. Lastly is the City's All Funds from the Approved Budget. Included in this table are the budgeted uses of all funds from the Approved Budgets by fiscal year, not the Actual expenditures that occurred.

Fiscal Year	City of Austin Population	Property Tax Rate	All Funds Approved Budget
2005	700,407	44.30 cents	\$2.0 Billion
2006	718,912	44.30 cents	\$2.1 Billion
